OUR SWEET CHOICES

Eclair you say ?

is a pastry made with choux dough filled with a cream and topped with a flavored icing. The dough, which is the same as that used for profiterole.

Invented by the French in the 17th century, refined by the Belgians in the 19th century as a pastry for the middle class, the Belgians added their own flavor by covering the top with Belgian chocolate and the pastry cream with fresh eggs and vanilla sticks. to make, instead of vanilla cream.
